

Product Description-TDS

Product Name: Piperonyl butoxide

Product Information

CAS No: 51-03-6

Molecular Formula: C₁₉H₃₀O₅

Molecular Weight: 338.44

Molecular Structure:

Other Items:

Item	Specifications
Appearance	Colorless to light yellow oil liquid
Content	≥95%
Moisture	≤0.2%
Acid Degree	≤0.15%

Package:

200kg/drum

Application:

Piperonyl butoxide is used as a synergist for pyrethrins and their synthetic analogues.

Insecticide synergist, especially for pyrethroids and rotenone.
